SUMMERY

I am a passionate frontend web developer with skills in React, JavaScript, and the latest web development tools. The goal is to become a full-stack developer and keep on expanding my knowledge of the backend technologies. I aim to develop effective and easy to use applications and participate in the creation of important projects that improve the user's experience.

SKILLS

Language: JavaScript, HTML5, CSS3
Frameworks & Libraries: React.js, Node.js, Express.js, Tailwind CSS
Databases: MongoDB

PROJECTS

EduFunds: The EduFunds is a comprehensive portal designed to streamline the scholarship management process, making it simple, efficient, and accessible for users.

- **Apply for Scholarships** – Users can search for scholarships and apply after payment.
- **Role-Based Dashboards** – Users, moderators, and admins have different dashboard.
- **Secure Login and Reviews** – Users can log in, apply, and leave reviews on scholarships.
